To The Deputy Secretary to

Reforms Offices, S i m l a.

Sir,

In forwarding herewith letter dated 4th August 1931 from the Private Secretary to the Dewan of Mysore, I have the honour to state that it is not clear whether the Dewan wants to know whether his passage will be met by this office or whether he merely wants to know for information what passages are paid for in respect of British India delegates. Possibly the passages of States Delegates are to be paid out of the Princes Fund and this office is not concerned with the issue of the passage certificate to any of them. Any how the Government of India, Reforms Office might desire to reply to the enquiries in the letter it is forwarded to the Government of India. A copy of this letter has been sent to the Private Secretary to the Dewan.

15th September, 1931.

My dear Prime Minister,

We in India have watched with intense interest the widespread response of the British people to their Country's need, occasioned by the acute financial situation, and their regard and readiness to make sacrifices for the common weal have evoked the warmest appreciation of the Princes. They have followed with deep sympathy the efforts of His Majesty's Hovernment to meet the situation and have been much impressed by the proposals for economy which have been so carefully worked out and boldly put forward.

In the belief that at the present moment any saving would perhaps be helpful, all the members of the Indian States Delegation - now in England - have authorised me to convey to you that they wish to forgo the contribution which His Majesty's Government was making towards the expenses of the visit of the States Delegation to London. They are almost certain that the remaining members of the Delegation, who have yet to arrive, would also like to associate themselves with this decision. But I shall let you know of their decision as soon as I am in a position to do so.

We realise that the amount that would thus be saved will only be a drop in the ocean, but you know that it is being offered as a token of the feeling of friendship which the Princes of India and their subjects have always entertained for the people of Great Britain.

Yours sincerely,

HAMIDULLAH (Signed)

My dear Nawab Sahib,

Your letter is really a most friendly and generous gesture of helpfulness, and I wish to thank you and the members of the Indian States for your resolution. It is, as you say, not merely the amount of money, but the largeness of heart which the Government values. I venture to express to Your Highness and your colleagues my most sincere hope that this is an earnest of feeling of unity and co-operation which may last through many generations and enable both India and Great Britain to stand side by side for the honour of both and the benefit of mankind.

Believe me to be, with my best wishes to you and your colleagues,

Yours very sincerely,
